Annual Report
TOWN OF
Hinsdale, N.H.

HENSDALE'S MAIN STREET AT THE TURN OF THE CENTURY

Shown in the picture---

Left foreground is Worden's store, owned by Elisha and Nathan Miller Worden, dealers in drugs, jewelry, hardware and blacksmith supplies. (Worden Bros. were, prior to this time, engaged in the manufacture of soap in what was the "River Tavern")

Next can be seen the front of Dr. William S. Leonard's residence and office.

William O.J. Martin, dealer in wallpaper and paint is next in line followed by Holland's General Store.

In the distance can be seen a horse and wagon proceeding out Canal Street.

On the right hand side of the street in the distance is Dr. Walter Fay's residence and dental office and on the east corner of Cepot Street with cupola is the residence of Edwin C. Robertson, a prominent paper manufacturer.

Next can be seen the present town hall which was erected in 1900 to replace one that burned that year. In what is now the Community Room, was located Gardner Howe's dry goods and grocery store. Mr. Howe was an aggressive business man and served in the legislature in 1893.

On the right foreground is of course our famous post office built in 1816, the oldest in the United States in the same location.

HINSDALE POLICE DEPARTMENT

To the Citizens of the Town of Hinsdale:

I herewith submit my report for the Police Department covering the year ending 31 December, 1975.

The Essential purpose of the Hinsdale Police Department is to serve and protect its citizens so that all people may be free from criminal attack and be secure in their possessions. Your Police Department needs your help and support so that you may be safe. I would like to quote a letter from my former Chief and friend, Chief John F. Pelletier of Merrimack, New Hampshire who wrote

"From time to time I hear the opinion expressed that the police represent a threat to the freedom of the American people. It is my impression that some of those expressing this view sincerely believe that the mere existence of law enforcement agencies constitutes repression and coercion. Others object to what they see as frightening new advances in police technology and capabilities.

Let us look, then, at what we mean by freedom. Suppose that Congress passed a series of laws that make it illegal to walk in the city streets after dark or stroll in the parks at any time. Suppose they decreed that children could no longer play out of the sight of their parents or were prohibited from leaving their bicycles in their front yards. It's not hard to imagine what would happen. There would be protest rallies and demonstrations. Congress would be flooded with letters and telegrams and phone calls. The shouts of protest would become almost deafening.

And yet all of these things have already been prohibited, not by the passage of laws but by the criminals who have created another kind of tyranny - the tyranny of fear. If the fear of being mugged prevents us from visiting the corner grocery at night or taking an evening walk, and if we hesitate to let our children visit the playground because we fear they might be molested or robbed, aren't we just as restricted and coerced as if there were armed and uniformed guards preventing us from leaving our homes? As far as I know however, no one has ever held a demonstration to protest this treat to our liberty.

We are all very much concerned in the country with the rights of the accused, and this concern is proper. But shouldn't we also be concerned with the rights of the victims and potential victims of crime? Why else should government exist?

The freedoms guaranteed in the Constitution extend to everyone, not just to those charged with criminal offenses. "Life, liberty and the pursuit of happiness" are just words to an elderly widow whose apartment has just been robbed for the seventh or eighth time. What about her right to live a normal life free from the necessity of barring all her windows and triple-locking her door? Fear of movement in the streets MUST revert from the citizen to the criminal.

Passing laws is not the only way to abridge freedoms. Criminals have been waging a guerilla war against the liberties guaranteed in the Constitution, and at the moment they seem to be winning. I think this is most appropriate time, as we approach our nation's Bicentennial, to think about the rights and freedoms we have been taking for granted. We must realize that they are vulnerable, and we must be protected not only from the actions of tyrants who would use our legal system to subvert democracy from within, but also from those tyrants called criminals whose very contempt for the law enslaves all of us who prize freedom".

Police Employment Data

Your Police Department has been operating on a 20-hour per day basis until November 1975. At that time your Department went to a full 24-hour coverage.

Our town is beginning to grow at a rapid rate, along with new homes, stores, businesses, improved roads, and population, have come new and additional problems. We are beginning to see crimes that were only present in cities, infiltrating into our town. To name a few let us look at what happened to our neighboring town of Winchester, the beating and robbing of three elderly women in their home and a death resulting, an armed robbery shortly after. The added calls for police service and the increase of violent crimes in our area has created many problems for your Police Department. The areas that your Police Department has to patrol averages 300 miles put on the car in a 24-hour period. At times, while the officer is handling one call, there may be three calls ahead of him. Results: rushed investigation and interviews and few arrests.

The following are the offenses for which complaints were presented to the Hinsdale Municipal Court:

HINSDALE PUBLIC HEALTH NURSING ASSOCIATION

Following is a report of the activities of the Association from January 1 to December 31, 1975.

Direct care to patients and health promotion: 388

A free preschool hearing and vision screening program was conducted at the Elementary School in May and 55 were tested, the N. H. Division of Health provided the equipment and a supervisor. The nurse and volunteers assisted and defects were referred for correction.

In November an Adult Health Screening Clinic was held. Volunteers were from the Nursing Association and the community. Approximately 115 people were checked and several were referred to a doctor for further follow up. The N. H. Division of Public Health Services worked with us.

The nurse attended a work shop meeting in Manchester in December on Sudden Infant Death Syndrome and has also assisted at two Crippled Childrens Clinics held in Keene.

Several meetings of the Nursing Association have been held throughout the year. Also several have been held with Irene Pratt, area medical supervisor. Any townspeople interested in becoming members of the Association are most welcome.

In May the resignation of Mrs. Bertha Bradbury was accepted and became effective on July 1st. Mrs. Beverly Brock was her replacement on a part time basis for Public Health.

We wish to thank those who have helped in carrying out the work during the year.

Respectfully submitted

Mrs. Bertha C. Bradbury, R. N.

Mrs. Beverly G. Brock, R. N.

REPORT OF THE HINSDALE CIVIL DEFENSE DIRECTOR

1975

The town Civil Defense Plan was reviewed and updated as required due to personnel changes in town departments. No other changes were made in the basic plan. Two communications exercises to test the effectiveness of the state alerting system were conducted from the state level. The first test again established that the Town of Hinsdale did not receive timely notification through the normal communications net. The second test was conducted with direct notification of Hinsdale Officials from N. H. State agencies concerned and was very effective. A new state level procedure has been implemented which provides for immediate and direct notification of Hinsdale from State Civil Defense Headquarters in Concord in the event of a Civil Defense requirement. Another test will be conducted on a no-notice basis sometime during January 1976.

No actual Civil Defense emergencies occurred during 1975.

Expenditures by the Civil Defense Department in Personnel and Administration during 1975 were \$56.13 (Fifty six dollars and thirteen cents) for expenses incurred by the Director.

Expenditures by the Civil Defense Department in Surplus Property were \$135.20 (One hundred thirty five dollars and twenty cents). This was for items obtained for town departments (Police, Highway, and Nurses).

In as much as all CD funds lapse and can not be carried forward it is recommended that articles be included in the Town Warrant for 1976 as follows: Personnel & Administration, \$250.00. Surplus Property, \$500.00. Due to Federal Requirements these must be separate articles designated specifically for these purposes. Any amounts not expended revert to the General Fund.

George F. Slicer
Civil Defense Director

CONSERVATION COMMISSIONS

ANNUAL REPORT JANUARY 1976 FOR 1975

Happy Birthday to us, we're 223 years old. We were a little late by 222 years, but last year we got off to a good start when Hinsdale opened its 1st Adult recreation facility. The tennis courts, which opened on Memorial Day, were used continuously throughout the summer and autumn.

The children's play area will be complete as soon as the weather permits installation of the remaining equipment. This mini-park was made possible through the efforts of the Lions Club and the \$1900 profits from the 4th of July celebration, and a great deal of help from many wonderful people.

The commissions plan this year, includes a large picnic area and an area for outside recreation for everyone, and a skating area.

"The Heritage Park" is an important aspect and integral part of Hinsdales overall plan for the future. The commission is constantly seeking new input and will be responsible to the growing recreational needs of the community. A system of areas, open land, trails, and campsites will be established as part of our overall Master Plan.

Conservation Commission

REPORT OF THE HINSDALE BOARD OF ADJUSTMENT

The Board held thirteen meetings and heard a total of seven appeals.

Only one appeal was denied.

The Board renewed five Mobile Home Park permits, and approved the transfer of one Mobile Home Park Permit.

In November, after two consecutive meetings on the subject, the Board voted to make an amendment to the by-laws,---any variance granted by the Board henceforth will carry a starting date of one year, if the variance granted has not been started at the end of one year the granting will be retracted. Appeals granted after November 10, 1975 to be so dated. This notice was published in the Brattleboro Reformer.

Our thanks to those of you that have been so helpful to us in our year of work.

REPORT OF THE HINSDALE PLANNING BOARD

1975

The Hinsdale Planning Board acted on 12 sub-division applications in 1975.

We wish to thank all the people that have given their time, assistance and knowledge in helping the board to expedite these matters as fast as State Laws allow.

In the year 1976, especially in the spring, we are asking the residents of the town to come forward with their ideas and opinions for the creation of an industrial zone. This zone will be primarily for factory use.

There are several areas we feel are adaptable for this type of zoning. We are performing studies now and more in 1976 to determine the most suitable area. Hopefully, by March 1977 we will have an area designated and regulations set up for your approval.

The Board feels that more industry is needed in the town, but, it has to have rules and regulations governing the use, types of industry and any impact on the environment of the area.

The board is not in favor of continued "spot Zoning", but, RATHER A PLANNED COMMUNITY DEVELOPMENT. In this way all people are insured of being able to live in an area of his choosing without the worry of an undesirable operation as his neighbor.

Any suggestions or opinions on industrial zoning to be considered will be greatly appreciated.

HIGHWAY DEPARTMENT REPORT

1975

Plowed for 16 storms
Salted for 17 storms
Sanded for 17 storms
Picked up snow 9 times
89 loads of brush were cut and removed
2 large dead Elm trees were removed

Article #44 - Tarring was done during the month of July a portable Cold Mix Plant was moved in to make material to smooth some of the rough spots, then a seal was applied with buck wheat stone cover.

The crib work on Old Chesterfield Road was filled over. The guard rail was re-placed.

A hydrant was removed and drop inlet relocated to make room for the fill.

Pot hole patching was almost a weekly project all year.

116 feet of culvert replaced broken tile and old pipe
6 drop inlets were rebuilt

The T.R.A. money was spent on Monument Road to improve 1,000 feet.

Because of rising cost we could only get 24 street name signs, posts, and brackets

We hope this coming year the ones not labeled will be.

The 1967, 1969 truck and 1962 loader have been a continous problem with lots of break downs, just when needed most often this ties up our job and spoils our disposition.

I feel the Town should have a garage that could have heat to keep grease, oil light cords, free flowing also warm enough to use tools.

The following is a list of equipment cost:

#1	\$448.18	1967 Chev.
#2	\$1,253.06	1969 Chev.
#3	353.82	1972 Ford
#4	331.13	1973 International
#5	1,456.30	1958 G.M.C. Army truck
Loader	656.07	1962
Grader	281.01	1965
Blower	612.10

REPORT OF HINSDALE SCHOOL NURSE

1975

The school nurse reports that a general immunization clinic was held in June with 56 immunizations given. A rubella (german measles) clinic was held in February and 104 students were vaccinated. Skin tests for tuberculosis were done on 167 students, in grades 2 and 5 and adult personnel.

A Dental Program for grades K - 8 was held in March and 265 students participated. In November the program was held again and 245 students participated. The program was sponsored by the local Lions Club and equipment is supplied by the State Dental Health Program.

A Preschool Vision and Hearing Screening Program was held in May with 56 children attending.

In October, Flu vaccine was offered to the adult personnel in both schools.

Hearing screening on 543 students was done, vision screening on 586 students, and physicals by the school doctor totaled 181.

I have examined the books of Hinsdale Schools as of June 30th, 1975 and the treasurer's report for the year then ending.

This examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the bank balances of various departments, and the income and disbursements were correctly recorded.

Respectfully submitted,

Paul O. Aust

HINSDALE ELEMENTARY SCHOOL

Enrollment

Opening enrollment for the 1975-1976 school year was 474 students. This represents a decrease of 22 students from the beginning enrollment in 1974. However, the enrollment has climbed to 486 as of January 25. It would appear that the elementary enrollment is stabilizing at about 480 to 490.

Staff

Mrs. Donna Natowich, a graduate of Ithaca College and for several years the speech therapist for our Supervisory Union, joined our regular teaching staff as a teacher in Grade 1. Mrs. Natowich is currently engaged in the Early Childhood Education program leading toward a Master's degree in Education at the University of New Hampshire.

Miss Susan Cottis, another participant in the graduate program, is working with Mrs. Natowich in this classroom. Dr. Deborah Stone and Dr. Donald Graves from the UNH staff are supervising the work of both teachers.

We are pleased that we have the continued volunteer service of a number of junior and senior high school students in helping our students on a one-to-one basis. Mrs. Susan Leach and her high school reading students also work with some of our youngsters who need assistance in reading. Mrs. Leach's program is supported by Federal Funds.

Our school library is functioning successfully this year thanks to the efforts of parent volunteers. Late last winter and through the spring Mrs. Earline Nixon graciously volunteered to help us reorganize and operate the library. This fall we are most grateful for the assistance of Mrs. Beverly Algeni, Mrs. Linda Enright and Mrs. MaryJoyce Ovington for their work in the library each Tuesday and Thursday.

Curriculum

Our new Mathematic materials from D.C. Heath arrived during the summer and have been put into use. A math consultant from the publisher spent time with us in November answering our questions and providing ideas for the successful use of the materials. This program provides for more drill material and is more traditional in its approach. Students are also being introduced to the metric system.

Hinsdale has been accepted as a participant in the national Right to Read Program. A committee of high school and elementary teachers are working on a needs assessment survey with which we may evaluate our reading program and establish priorities for continued improvement in reading instruction.

HINSDALE HIGH SCHOOL

The following students received their high school diplomas at graduation exercises on June 18, 1975:

Thomas Gary Amarosa	Delvina Lois Jones
Seth Edward Amidon	Janet Dunham Jones
Rita Louise Ammann	James Edward LaFortune, Jr.
Wendy Marie Barnard	Clifford Andrew LaPlante
Ann Marie Benson	Jane Marie LeClair
Clay James Bishop	Malcolm Nelson MacDonald
Terri Lynn Bokum	Marc Steven Manley
Nancy Janis Borrup	Sue Anne Matuszewski
Darcie Esther Buell	Debra Sue Nay
David Lyman Castine	Joi Lou O'Connor
Juanita Marie Cook	Henry Luther Parker
Julius Norman Cook, Jr.	Cynthia Lyn Pearson
Wendell Lucius Cook, Jr.	Frederick Stewart Potter, Jr.
Randy Eric Delano	Audrey Cynthia Renaud
Michael William Fecto	Jon Charles Roy
Benjamin John Finnell	Lawrence Raymond Scott, Jr.
Deborah Jean Gaul	Joni Linn Spaulding
Kathy Anne Gratton	Sherry Lee Stanclift
Douglas Waldon Haskell	Julie Marie Stephens
William John Hodgman, Jr.	Howard Scott Towle
Ruth Ellen Howe	Michael John Wallace
Gordon Paul Jacques	Lori Jane Zinn
Ann Marie Jones	

Of those graduates listed above, forty-seven percent are enrolled in post-secondary schools. Twenty-nine percent of the class is employed, twenty percent are in the armed forces, and four percent are housewives.

Staff

We experienced one staff change at the high school this year. Mrs. Virginia Knapp, a University of New Hampshire graduate, replaces Mrs. Nancy Kendall in the area of French.

Enrollment

The 1975-1976 enrollment is as follows:

<u>7</u>	<u>8</u>	<u>9</u>	<u>10</u>	<u>11</u>	<u>12</u>	<u>Total</u>
80	91	63	72	52	52	410

The high school saw a net increase of thirty students on opening day this year. We are projecting an enrollment of 426 students for the school year 1976-1977.

Curriculum

The new Vocational Center in Keene will open in the fall of 1976. Currently we are in the process of reviewing the Vocational School's curriculum with those Hinsdale High School students who have expressed an interest in attending. There

are some twenty-five different course offerings from which a student may choose.

Under the present format, Juniors and Seniors will be eligible to attend, providing the Vocational Center's offerings can meet the students' needs. Those students who attend will be at the Vocational Center for two hours a day. They will then return to Hinsdale High School for their Academic Courses.

HINSDALE SCHOOL DISTRICT

The governance of our schools has become increasingly complex. While our local school board retains its responsibility for governing our schools, its freedom to act has become increasingly limited by state statutes and regulations, by the courts, and in some places, by employee organizations. In addition, a mobile, pluralistic society tends to place temporary and divergent demands upon its schools.

While the broad involvement of citizens in local government has always been considered vital to the democratic process, it is complicated by a community with a variety of expectations. Pressures to provide improved educational services conflict with pressures for "holding the line" on spending. As counteracting forces grow the burden of responding to the demands can exhaust the school system and it is forced to focus upon immediate issues rather than upon more essential long term matters. An element of instability and dissatisfaction can appear under these conditions.

A new approach to the entire situation is needed. Public agreement about the purpose of local elementary and secondary education should be sought. The many viewpoints expressed about the objectives and priorities of the schools must be reconciled to provide common ground for school action. Gaining agreement on educational goals and objectives is no simple task because public opinion regarding education usually lacks explicitness, leaving the schools unable to define the public's intent. Nevertheless, common ground must be pursued. Community participation should be refocused so that the larger issues of purpose and priority replace attention to individual problems and immediate crises. The lack of a common purpose is a cause of these problems and crises. Therefore, determining with the community the major directions to pursue is critical to the success of our schools.

As a result of State Board of Education regulations adopted in June, 1971, each supervisory union or local school district was required to develop a Master Plan for staff development of all educational personnel by July 1, 1975. A committee consisting of teachers, administrators, school board members, parents, and students surveyed local needs and prepared a Master Plan for our community which has been approved by the State Board of Education as well as our

local school board. Major educational goals were established for the districts in our Supervisory Union using information obtained from the needs assessment surveys. This was done in conjunction with a review of district philosophies and objectives. The following four major educational goals were established:

1. Assist each child to develop according to his or her ability and at his or her rate of speed.
 - a.) The basic communication skills of reading, writing, listening, speaking and
 - b.) The fundamental computational skills.
2. Assist each child to develop an awareness of the world of work, to develop the decision-making skills necessary for appropriate career planning, and to provide opportunities through courses and experiences for vocational training.
3. To provide a school environment and learning experiences that will enhance each child's self-image.
4. To individualize instruction and provide successful learning experiences according to each child's ability, aptitude, and interest.

A listing of comprehensive goals can provide a starting point. However, we must probe beyond general statements toward definitions of purpose and priority that are sufficiently explicit to be acted upon. Schools can be effective when priorities are clear. With leadership from the school it is hoped that a broad effort can be initiated to determine public intent and then follow it. If the school and the community make this commitment, an educational program focused upon the needs of people collectively, as well as individually, will follow.
